- 6. Outcomes**

Appendices

- A. Implementation Plan**

1. Introduction

The Member Development Strategy provides the framework for future Member support and development and forms the basis of an effective Member Induction Programme.

The Strategy aims to make a contribution to achieving the Service's vision and the key aims and organisational objectives of the Integrated Risk Management Plan. Members are an integral part of the progress made towards achieving the Service's Vision and it is important to ensure that Members are equipped with the skills required to fulfil this role.

The 2017-18 Strategy will continue to focus on continuous development and improvement with consideration given to review the provision in light of the impact of changes to the Service and Authority membership.

2. Aims of the Strategy

The overall aim of the Strategy is to ensure that all Members have access and undertake adequate training and development opportunities to better enable them to fulfil their roles and responsibilities as Fire Authority Members and to engage and have an impact on their communities through this role.

Key aims include:

- **Provision of a clear framework for the development of Members based upon their individual needs and the needs of the Authority as a whole;**
- **Ensuring Members have the skills and knowledge necessary to meet their needs to fulfil their roles and are fully aware of their responsibilities and accountabilities;**
- **To support the continued development of Members;**
- **To ensure a consistent approach to Member Development.**

The Strategy confirms the Authority's commitment to learning and development for Members and sets out some of the main activities that will be undertaken to support Member development.

Fire Authority Members also have a responsibility to commit to undertaking training and development activities identified which will enable them to fulfil their roles and responsibilities as Fire Authority Members.

3. Key Objectives

The purpose of this strategy is to ensure that all Members are trained and developed to fulfil their roles on the Fire Authority and ensure that the following objectives are met:

- **Identify and prioritise Members Training and Development Needs through Personal Development Reviews;**
- **Review and refresh the Members Personal Development Review process to ensure that it remains effective for both experienced Members and new Members;**
- **Provision of an Annual Member Development Programme that is in line with priorities identified and within available resources;**
- **Delivery of a comprehensive and effective Induction process for new Members;**
- **Ensure that Members have the opportunity to develop specific skills in line with specific Member Champion roles; and**
- **Ensure that there is an emphasis on continuous development and improvement for Members to align with any changes to the roles and responsibilities of the Fire Authority.**

The following actions will be undertaken to assist in the implementation of the Strategy in line with the key objectives:

3.1 Members Personal Development Plans

All Fire Authority Members will complete an annual Personal Development Plan. This will be carried out within the Personal Development Review process through which training and development plans will be agreed with each Member.

Development needs identified will be prioritised and key themes identified will be fed into the annual Member Development Programme.

3.2 Review of Members Personal Development Process

A review and refresh of the process will be completed to ensure that the process remains effective for both experienced Members and new Members on the Authority.

3.3 Delivery of Member Development Programme

Members nominated to the Cheshire Fire Authority will already undertake Member Development Programmes within their own Local Authority, but as a Member of the Cheshire Fire Authority, Members must undertake specific

learning and development programmes in connection with their roles on the Fire Authority.

- **Member Training and Development Programme** - will be drawn up based on inputs from several sources. These will include formal learning needs analysis, Members' own personal development plans, suggestions from Officers/Members, Budget and IRMP proposals, new legislation, central Government and local initiatives, partnership working, and other external influences. All training and development activities provided for Members will be consistent with, and support, the Fire Authority's Strategy and Service Policies. The programme will be kept under review to ensure that it aligns with any specific development needs required to support the implementation of any changes introduced as part of the Fire Reform programme and the introduction of a new inspection regime for Fire.
- **Members Planning Days** – The Authority holds up to five planning days a year which align with the corporate IRMP planning process to engage with Members on the future direction of the Service.
- **Monitoring** - Progress against the plan will be monitored by the Member Training and Development Group on a quarterly basis. The group will also review the Programme annually to ensure that it remains in line with the Authority's Strategy and Service Policies and the Governance Framework. Regular monitoring of the programme will assist to ensure that the changing needs of Fire Authority Members are reflected in the Programme. The Member Training and Development Group will also ensure that activities, when proposed, meet Members' needs and are scheduled and delivered appropriately and effectively.

3.4 Delivery of Member Induction Programme

Cheshire Fire Authority is committed to ensuring that all new Members are supported when they join the Authority through an effective induction process. The induction process will include an induction programme for new Members which will be supported by the provision of a generic information pack. This process was implemented in 2011/12 and has proved effective up to this date. Feedback from new Members who have completed the induction programme has been very positive and the programme is reviewed and, if necessary, revised on an annual basis to ensure it remains effective and appropriate.

- **Members Induction Programme** – will consist of a programme of sessions to provide an overview of Cheshire Fire & Rescue Service and the Fire Authority. Core modules for new Members such as Health & Safety and Equality & Diversity will also be included to ensure that new Members are clear on their roles and responsibilities as Fire Authority Members in these key areas.
- **Members Information Pack** - will provide sufficient information for Members new to fire and rescue responsibilities to begin their role. It will include key contact details, information on the terms of reference and constitution for all the Authority's meetings, calendar of meetings,

together with details of the various forms/declarations which Members are required to complete.

- **Buddy System** – the Officer/Member Buddy system provides an alignment of elected Members to members of the Service Management team (SMT), to provide information and support on a range of Service, Policy and Organisational issues. Officer buddies are available to Members for the purpose of developing their overall knowledge of fire and rescue. Where possible, buddies will provide answers to questions and queries themselves or after consulting colleagues.

3.5 Member Champions

One of the key outcomes of the delivery of the Member Development Strategy should be that Members possess the appropriate skills, knowledge and experience to effectively fulfil their roles and responsibilities within the Fire Authority.

Members who have been appointed to Member Champion roles have become well established and valued for the roles they fulfil. It is important that Members who are appointed to these roles have the opportunity to develop specific skills in line with these roles and are provided with the support required to maximise their impact within their individual Member Champion remit. This will be factored into Members individual PDRs in consultation with People and Development.

It is also proposed that a review/refresh of current Member Champion roles is carried out to ensure that they still support the Authority's overarching role in the changing environment in which the Fire Authority operates.

3.6 Continuous Development

Review and Evaluation of Programmes

Member Development activities need to meet the requirements of both Members and the Authority. Constant evaluation and review of the programmes offered should ensure that these requirements are being met. The Authority needs to ensure that Value for Money is obtained and the benefits/impacts for Members, the Authority and the Community can be measured.

There are a number of processes in place to ensure that the programmes offered are constantly reviewed and evaluated which includes:

- Each Member will be asked to complete an evaluation form in relation to the training and development that has been undertaken. These forms will be collated and monitored by Democratic Services and a synopsis of the feedback will be presented to the Member Training and Development Group as a regular agenda item. Copies are also provided for relevant Officers to help inform future training and delivery requirements.

- The Personal Development Review process provides Members with the opportunity to reflect on how the training they have received has impacted upon them and their performances. Where relevant, comments can be fed back to the Member Training and Development Group.
- The Member Training and Development group receive quarterly reports on the deliver of the Member Development Programme and the implementation of the Member Development Strategy which enables them to regularly monitor and review these documents.

A Member satisfaction survey will also be carried out in 2017 to provide more in-depth feedback on the service provided to Fire Authority Members and inform future development.

4. Role of Member Training and Development Group

The Member Training and Development Group is responsible for advising the Fire Authority on the development, monitoring and evaluation of the Strategy and also ensuring that the Member Development Programme is developed in line with the Strategy.

The cross-party group comprises of four Members and one Independent Member and reports directly to the Fire Authority on matters relating to Members Training and Development. The Group will present an annual report to the Authority in respect of Member Development activities.

5. Implementation and Review of the Strategy

A report on all appropriate aspects of the Member Development Strategy and Programme will be presented to and considered by the Member Training and Development Group on an annual basis. The Group will consider the effectiveness of all aspects of the implementation of the Member Development Strategy, its requirements and the need for any modifications. Any revisions which are required will be made following this review and reported to the Fire Authority.

An Implementation Plan for the Strategy has been developed at Appendix 1. The implementation plan will be monitored by the Member Training and Development Group.

6. Outcomes

Following the successful implementation of the Strategy, key outcomes that will be achieved are:

- Highly motivated, trained and developed Members;
- Members possessing the appropriate skills, knowledge and experience to effectively fulfil their roles and responsibilities within the Fire Authority;
- Equality of opportunity in the delivery of training and development.

Outcomes will be measured through the evaluation and monitoring of both the Strategy and the Member Development programme as detailed in the Strategy. Members Training records and Personal Development Plans will also assist in evaluating the effectiveness of the Member Development Strategy in meeting the key outcomes.

DRAFT

Appendix 1

Member Development – Implementation Plan

The implementation plan will be produced, managed and co-ordinated by the Democratic Services section and will be monitored quarterly by the Member Training and Development Group.

Objective	Key Actions	Responsible Officers	Target Date
1. Identify and prioritise Members Training and Development Needs	1.1 Complete Annual Personal Development Reviews and Development Plans for all Members	People and Development/ Democratic Services	Feb-17 Feb-18
	1.2 Complete an initial Personal Development Review and develop personal development plans for newly elected Members as part of the induction programme	People and Development/ Democratic Services	Jan 17 Jan-18
	1.3 Carry out Training Needs Analysis based on outcomes of PDRs and Members PDPs and develop a programme for delivery of needs based on priorities.	People and Development/ Democratic Services	Mar-17 Mar-18
2. Review and refresh the Members Personal Development Review process to ensure that it remains effective for both experienced Members and new Members	2.1 Carry out a review of the current PDR process to ensure that it remains effective for experienced and new Members.	People and Development/ Democratic Services	Oct 17
3. Provision of an Annual Member Development Programme that is in line with priorities identified and within available resources.	3.1 Develop Annual Member Development Programme which complements the training needs identified	Democratic Services Manager/Member Training and Development Group (MTDG)	June-17 June-18
	3.2 Review the annual programme to ensure that it aligns with any future changes introduced as part of the national Fire Reform Programme	Democratic Services Manager MTDG	June-17 June-18
	3.2 Produce a quarterly monitoring report on the delivery of the programme for submission to the Member Training and Development Group	Democratic Services Manager	2017 -18 Mar June Sept Dec

Objective	Key Actions	Responsible Officers	Target Date
4. Delivery of a comprehensive and effective Induction process for new Members	4.1 Provision of Induction Programme for New Members	Democratic Services Manager	June-17 June-18
	4.2 Provision of Information Pack for New Members (on appointment to Fire Authority)	Democratic Services Manager	June-17 June-18
	4.3 Annually review the Member/Officer Buddy System to ensure it remains effective	Democratic Services Manager MTDG	Sept-17
5. Member Champions	5.1 Review current roles and maximise opportunities for Member Champions to access support networks and development opportunities in line with their specific remit	Democratic Services Manager MTDG	Sept-17
6. Continuous Development	6.1 Produce quarterly monitoring reports in respect of the Strategy's implementation plan for MTDG	Democratic Services Manager	2017 -18 Mar Jun Sept Dec
	6.2 Present an annual report on Member Development activities to the Fire Authority	Democratic Services Manager MTDG	Jun-17 Jun-18
	6.3 Carry out an annual review of MD Strategy	Democratic Services Manager MTDG	Sept -17
	6.4 Carry out a Member satisfaction survey to provide more in-depth feedback on the service provided to Fire Authority Members and inform future development	Democratic Services/ Communications MTDG	Mar-17
