

Internal Audit Follow Up Report (November 2020)

Cheshire Fire Authority/ Fire & Rescue Service

Contents

1. Introduction and Background
2. Executive Summary
3. Outstanding and Partially Implemented Recommendations

Appendix A: Assurance Definitions and Risk Classifications

1. Introduction and Background

In making recommendations and agreeing action plans, it is intended that improvements may be made to both internal controls and operational effectiveness. However, in order to verify that the benefits of the process are achieved, it is necessary to subsequently follow up on the implementation of agreed actions, in order to fully assess:

- Whether implementation has occurred or been superseded by further events; and
- Whether the actions have produced the intended effect.

Follow-up is, therefore, a vital aspect of the internal audit process and it is our policy, in accordance with the Fire Authority's Internal Audit plan, to revisit previously agreed actions.

This paper sets out the completion of the most recent phase of follow-up reviews where we have been informed that action plans have been completed.

2. Executive Summary

Section 4 provides a summary of all agreed Internal Audit actions due for implementation which were followed up during October 2020. Of the 16 recommendations reviewed this time:

- 12 were evidenced as implemented,
- 1 action is noted as partially implemented and a revised date has been agreed for implementation.
- 2 were superseded as systems have changed
- 1 was not implemented following further review.

A summary of these recommendations, including their status at October 2020 and revised dates for implementation are detailed in section 4. Of those still outstanding, none are considered high risk. These actions will be monitored through the CFRS Action Tracker and will be followed up by MIAA and a further update provided to the Performance and Overview Committee.

3. Summary of Follow-Up

The following table summarises all Internal Audit recommendations followed up during October 2020 and those which we will review in the New Year.

Audit Report	Year	Number of Recommendations Outstanding	Total Number of Recommendations followed up					Comments
			Recommendations not yet due	Implemented	Partially Implemented	Superseded	Not Implemented	
NW Control Centre	2015/16	1	-	-	1	-	-	See below
Safe and Well	2018/19	9	-	7	-	2	-	Complete
Efficiency Savings	2019/20	2	-	2	-	-	-	Complete
Volunteers Safety Central	2019/20	4	-	3	-	-	1	Head of Prevention decided not to pursue online DBS applications
Total		16	-	12	1	2	1	
IT Service Continuity	2019/20	4	-	-	-	-	-	MIAA to report in Q4
Collaborations /Partnerships FRIC	2019/20	4	-	-	-	-	-	MIAA to report in Q4

4. Outstanding and partially Implemented Recommendations

The following table provides full details of those recommendations which are still outstanding/partially implemented following our review, along with the original agreed management responses and timescales.

NW Control Centre

Rec No	Risk Rating	Recommendation(s)	Management Response	Action Deadline	Person(s) Responsible	Status as at Feb 2020 taken from Cheshire Planning System (CPS)	Revised Deadline
1	Medium	The members' agreement should be amended to reflect the correct number of Authorities that currently hold an interest in NWFC Ltd.	The documentation associated with Merseyside's withdrawal was completed and had to be formally accepted by the four remaining Authorities. At the time there was some discussion between officers about the Members Agreement and whether it needed to be updated. Whilst the document contains a number of provisions that are now only of historical interest (they have no practical impact) the Agreement remains fit for purpose in the way it binds the Authorities together – preventing them from making certain key changes to the company's governance unless there is	1/04/2017	Director of Governance and Commissioning	Partially implemented During 2020 visioning days have taken place involving the Board of Directors and Chief Fire Officers. These have been supported by external advisers, including a law firm, which has been reviewing the company documentation. Even with the challenges of working during Covid-19 there has been some real progress with the work to review the governance arrangements of the company and the company's relationship with the fire and rescue services that it serves. This should culminate in	July 2021

Rec No	Risk Rating	Recommendation(s)	Management Response	Action Deadline	Person(s) Responsible	Status as at Feb 2020 taken from Cheshire Planning System (CPS)	Revised Deadline
			<p>unanimity. The Agreement can be reviewed, but it is not a priority.</p>			<p>proposals to alter some of the company documentation, including the Members Agreement. I would expect this to happen in the next six to nine months.</p>	

Appendix A: Assurance Definitions and Risk Classifications

Level of Assurance	Description
High	There is a strong system of internal control which has been effectively designed to meet the system objectives, and that controls are consistently applied in all areas reviewed.
Substantial	There is a good system of internal control designed to meet the system objectives, and that controls are generally being applied consistently.
Moderate	There is an adequate system of internal control, however, in some areas weaknesses in design and/or inconsistent application of controls puts the achievement of some aspects of the system objectives at risk.
Limited	There is a compromised system of internal control as weaknesses in the design and/or inconsistent application of controls puts the achievement of the system objectives at risk.
No	There is an inadequate system of internal control as weaknesses in control, and/or consistent non-compliance with controls could/has resulted in failure to achieve the system objectives.
Risk Rating	Assessment Rationale
Critical	Control weakness that could have a significant impact upon, not only the system, function or process objectives but also the achievement of the organisation's objectives in relation to: <ul style="list-style-type: none"> the efficient and effective use of resources the safeguarding of assets the preparation of reliable financial and operational information compliance with laws and regulations.
High	Control weakness that has or is likely to have a significant impact upon the achievement of key system, function or process objectives. This weakness, whilst high impact for the system, function or process does not have a significant impact on the achievement of the overall organisation objectives.
Medium	Control weakness that: <ul style="list-style-type: none"> has a low impact on the achievement of the key system, function or process objectives; has exposed the system, function or process to a key risk, however the likelihood of this risk occurring is low.
Low	Control weakness that does not impact upon the achievement of key system, function or process objectives; however implementation of the recommendation would improve overall control.
